John PETRUSZO

Mr. Lawrence Fleishman has showed me a copy of a letter dated
1 November 1966 that the Subject sent to Customs asking for
return of the off-set clippings and photographs confiscated
by Customs on 8 October 1966. The letter made no reference
to a 239 page document. Customs has not yet answered this
letter, and Mr. Fleishman at our request directed his New York
office to immediately interview the Subject for all details
concerning his passage through Customs, and the confiscation
of his papers. He further instructed that the interview be
handled delicately and carefully so the Subject doesn't conclude
that he is the subject of interest by Customs or anybody else.
Mr. Fleishman feels that the Subject was waltzed through Customs
by some persons action under cover of Customs. He wants to
resolve this suspicion as well as explain why there is no Customs
declaration on file for the Subject. Mr. Fleishman telephoned
these instructions to New York in my presence, and I was both
impressed with and pleased with the way he protected our interest
and still put his investigative resources to work on the problem.
